n/a = insufficient wool of this type to quote

Strong XB Market indicator this sale: 198c/kg COF
 Strong XB Market indicator last sale: 204c/kg COF

An excellent offering of pre-lamb shorn wool saw a more subdued bidding tone compared to the previous ChCh sale, as buyers responded to less trading activity due to further Covid-19 uncertainty, with the mid-micron wools being the most affected. With the cautious tone, buyers' tended to showed more favour towards those better prepared and presented lots for sale.

Compared the previous ChCh sale 6th August:

- Xbd fleece 31 to 40 microns were 1 to 3% cheaper.
- Xbd 2nd shear fleece was buyers' favour.
- Xbd Lamb's wool was unchanged on a limited offering.
- Xbd oddments were unchanged.

Mid-micron fleece and oddments were 10 to 15% cheaper, with the less stylish wool most affected. 11% was passed in failing to reach grower reserves. NZ/US\$ rate: 0.657 compared to 0.665 - 6th August.

The next sale of the season will be held 27th August 2020

Regards South Island Wool Sales Team.
