### Xbd Lambs

27-29 Micron	\$3.20
30-31.5 Micron	\$2.90
31.5+ Micron	N/A

### Commentary

An excellent offering of pre-lamb shorn wools saw the market continue to strengthen for all breeds, with the broader end of the mid-micron wool types most affected (29 to 32 microns). The well prepared clips were clearly sought after as buyers having to procure premium styles for processing into Asian and European markets.
