 North Island Strong Wool Indicator: **NC**

North Island Strong Wool Indicator

Commentary

Today's sale in Napier was solid enough and concluded at levels similar to the last Napier auction. There were selected wools that were sold in growers favour along with some other types not firing at all this morning. A small lift in price for oddments was good to see along with a bit of renewed interest in longer good styled shears. It was also good to have a full bench of buyers in support on the PGG Wrightson catalogue.
