N/A = Not Available

There is a clear divide in prices now between poorer styled wools and good styled clips that have sold today.

This is evident when in a tough market we see good quality shears lift by about 8-10% and oddments fall down to what I would term uncharted territory.

A positive from the sale today was good interest in finer good coloured shears which have been cheaper than coarser shears for some time.

**Regards, Steve Fussell, North Island Auctioneer**
