What a pleasure it was to finally today break the \$3.00 greasy mark for some quality lines of fleece wool. In fact, the whole sale could easily be described as fast paced, loud and aggressive in the bidding as buyers continue to try and cover some business they have sold recently overseas.

The PGG Wrightson catalogue was well placed today to take advantage of the strong market and was fully supported by all the buyers present. There is now a three week break until the next North Island wool sale.
