# Environment Policy

## Purpose

We are committed to protecting our natural environment for future generations, by working to continually improve our environmental performance.

## Key points

---

We will implement effective management systems and work with our suppliers and customers to minimise our impact on the environment by:

- maintaining systems and processes to ensure compliance with environmental legislation and conditions of resource consents and permits;
  - using and promoting pollution prevention in all we do;
  - evaluating and managing aspects and impacts of our work that may potentially harm the environment;
  - developing and maintaining emergency response plans that address environmental risks;
  - promptly reporting and managing all events that impact or have the potential to impact our environmental performance;
  - providing adequate resources and support to ensure that environmental objectives are achieved;
  - regularly maintaining infrastructure and equipment;
  - ensuring all team members, including management, understand their environmental responsibilities within their day-to-day work and act with integrity and respect to prevent harm to the environment;
  - encouraging proactive initiatives that support our objectives to protect the environment from harm;
  - continuously improving the products and services we offer to our farming customers, to better understand the environmental impact throughout the supply chain;
  - promoting and communicating our commitment to this policy to all our employees and other stakeholders.
