The hot Hawkes Bay day outside moved inside to the selling bench at today's wool sale in Napier with the market heating up once again as buyers scramble to buy wool to cover orders. As I suggested in the sale dated 19th of September the supply and demand principle is continuing to have a positive flow on for growers with the market indicator moving another 10 cents today. Some early ewe shearing is underway and the quality thus far looks to be excellent.

Regards, Steve Fussell, North Island Procurement and Sales Manager
