			Hbd Fleece (30 Mic)		N/A

NC = No Change | N/A = Not Available

The market has continued its unabated heady rises with all wool types being affected, and it would appear that 600c/kg clean for Xbd wool could only be moments away. A nominal offering of mid-micron wool also reflected that demand has now well exceeded global shortage supply of wool. The outstanding natural wool story and messages are now having serious impact and is resonating well with wool processors and manufacturers wool wide.
