The market held firm at today’s sale, remaining steady and to buyers’ favour compared with the previous North Island auction. Buyer interest was consistent across the main categories, with good-style fleece and low-VM wool again receiving reliable support. An increase in poorer-style shears was evident; despite this, these lines held their own and met the market well. Pleasingly, our catalogue achieved a full 100% clearance, reinforcing the underlying stability and solid demand present throughout the sale. **Regards, Annabel Busby, Appraisal and Procurement Coordinator**
